### FRONT COVER CONTENT

*In October, 2009, Rick and Mary Woods (founders of Jubilee Harps) were exhibitors at the ICEJ Feast of Tabernacles in Jerusalem. Many attendees were blessed by their harps at the Feast, Their 21-day stay in Israel gave them a real sense of "Living in the Land" and it was a trip of a lifetime!*

*Visit their website at [www.jubilee Harps.com](http://www.jubilee Harps.com) to view more photographs of their experience.*

# The Ministry of Jubilee Harps

Rick & Mary, 1998

**J**ubilee Harps is a business/ministry, founded in May 1998 by Rick and Mary Woods of Evansville, Indiana. Rick was a career Scientist at Bristol-Myers for 25 years when he was “downsized” and given the freedom to answer the call God was about to place on his life. His wife, Mary had been in Office Administration at

a local hospital for 19 years. Together, they have acted in faith to successfully hand craft and prayerfully present their Davidic harps to the world. Their story is living proof of God’s love and the fulfillment of His prophetic plan.

**E**ven though Rick was a scientist, throughout their 25 years of marriage he was purchasing equipment for the workshop he had built. Little did he know that throughout his life, God was preparing him for a new ministry, and in May 1998 (Israel’s Jubilee) that ministry was revealed.

## God’s Plan

**I**n January 1998, their Pastor (Rick VanHoose of Bible Center Cathedral) shared a vision the Lord had given him. Their church would celebrate Israel’s Jubilee (their 50<sup>th</sup> year as a nation) by restoring Davidic praise and worship (*Amos 9:11 and Acts 15:16*). The celebration would include a procession of dancers, banners, a replica of the Ark of the Covenant, and King David dancing before the Ark. Rick Woods’ good friend Dave Heady (*right*) would be portraying King David. While in prayer at the alter, David said he felt the Lord say, “Ask Rick to make you a harp.”

## The 1st Harp

**G**od had given Rick the time, musical background, knowledge of physics, the workshop, all the skills he needed to put it together. Another good friend, Ron Vaughn, (a Biblical and Archeological Scholar) helped Rick with the design – 10 strings and yoke shaped. God provided specific pictures (pictures on coins that date back 2,000 years and a Dover print dating back to the 13<sup>th</sup> century). Being a perfectionist, Rick spent three months completing his first harp. Mary was the first to see it. When she walked into the workshop, tears began to flow. She could feel God’s presence and knew something special was about to happen. After previewing the harp to the congregation before the Jubilee service, members of the church were so excited about the harp they wanted one of their own. This was the beginning of the ministry of Jubilee Harps, named in honor of Israel’s Jubilee. From Bible Center Cathedral, to their community, the United States, Canada, a 24/7 Tabernacle of Praise in Jerusalem, 28 other countries, and still growing, this harp is being used worldwide to worship God.

## New Ministry

**E**vidence of divine interventions are too numerous to list, but here is one of their early confirmations: During the three months Rick was making his first harp, he was hearing an unfamiliar song in his head, and felt he should tune the harp so he could play the song. This is how he determined the tuning scale for the harp. While attending their first Messianic Jewish Conference, they heard that same song being played during an evening service. Excited, he said to Mary, “*That’s the song I was hearing while making my first harp!*” Rick asked the person sitting next to him, “*What is the name of that song?*” They replied, “*It’s the Hatikva...the Jewish National Anthem.*” Hearing this, Rick and Mary cried tears of joy – this was one of many confirmations that they were being called by the Lord to make their harps for His people.

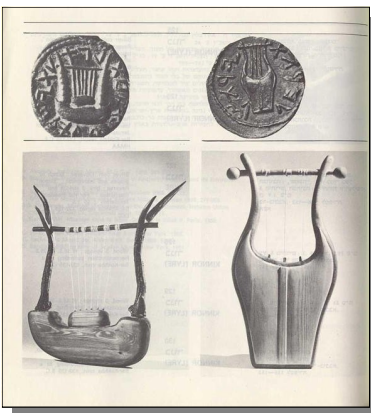

# The 10-String Kinnor – Its History and Its Future

**A silent mystery for 2,000 years, the Kinnor is back to play the songs of Zion!**

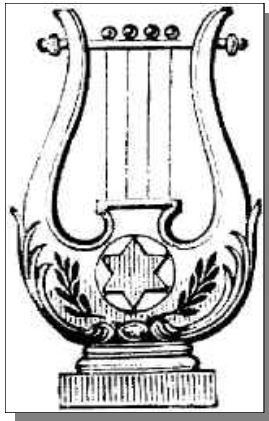

As the world enters the new millennium, a sense of urgency is stirring...God is calling His people back to Israel and restoring the worship of the Tabernacle of David (*Amos 9:11 and Acts 15:16*). The 10-string harp is mentioned specifically in the Bible: Psalm 33:2, 92:3, and 144:9. This biblical harp disappeared in 70 A.D. when the temple was destroyed. Now after almost 2,000 years, the 10-string biblical harp has returned, and many Jews are returning to their homeland of Israel. Jubilee Harps became a ministry in May, 1998 to answer God's call and play a significant role in the restoration of Davidic worship and praise.

## History

No one knows exactly what David's harp(s) looked like. Early drawings and coins that date back thousands of years suggest a crude yoke-shaped harp as seen in the picture (*left*). (Ref: Music in the Ancient World, 2nd. ed., 1979)

By the 13th century, pictures of harps were adorned with branches and the star of David as shown in the Dover print drawing below. (*Print is from Dover Collection, courtesy of IMSI.*) Jubilee Harps have a similar style, but they have combined elements of the Old and New Testaments, and historical and archaeological characteristics, with current trends and technologies. They are designed for anyone to play, and anointed by God to sing praises and worship unto Him. Evidence of this anointing is revealed through the testimonies of Jubilee Harps' customers. Many have had a dream or vision of this specific harp without even knowing it existed.

**A Dover Print**  
Unauthored,  
Circa 13-16th Century

In the Bible, Jubal was called the father of those who play the harp (*Genesis 4:21*). Harps in general had 3 to 12 strings, but the Bible speaks specifically about the 10 string harp (*Psalms 33:2, 92:3, and 144:9*). For more than 2,000 years, the kinnor (also called the Lyre of David) had been a silent mystery, lost to the world when the Jews were forced to leave their land in 70 A.D. A Jewish prophecy taught by the Talmud (*Mas. Archin 13b*) relates the 10-string Davidic Harp and New Song, to a new 10-note scale to be revealed at His coming. Often, the "New Song" is associated with this harp when mankind is redeemed by the coming of the Messiah. The number "10" is associated with "completion" and "redemption" in the Hebrew language.

## Therapeutic Power

"When the evil spirits came upon Saul, David would take his harp and play. Then relief would come to Saul; he would feel better and the evil spirits would leave him." (*1 Samuel 16:23*). You can experience this healing power in prayer and worship, inviting the Holy Spirit to calm and bring peace to your soul.

## Methods of Play

The Davidic harp was an instrument of praise long before any known songs were played on it. Just strum the strings, and you are sending praises to the Lord. Play your own songs, or let the Holy Spirit be the composer! According to *Hatikva's "The Gate"* (Chanukah 1995 Newsletter), there are three main methods known for playing the harp:

- **Method 1:** Playing pre-known tunes: Songs that you already know can be played on the harp, even with accompaniment from other musicians.
- **Method 2:** Playing as God directs you: Let the Holy Spirit be your guide and play freely as did the ancient prophets. When His hand was felt on their shoulder, the music was coming from God and the song was the prophecy!
- **Method 3:** The harp is played by the wind. David would hang his harp in a tree at night before going to bed. At midnight, the north wind would blow and the harp would play, awakening David to study the Torah. "Rauch" is Hebrew for "wind," and "Ruach haKodesh" is Hebrew for "Holy Spirit." Artificial wind will not play the harp beautifully, but the ruach can inspire it to play without human hands...Truly, this wind is the hand of God.

# Calling Forth Today's Levites

By Mack & Cathy McCoy

Succat Hallel Tabernacle of Praise  
Jerusalem, Israel

## A Call to the Nations

Rick & Mary with benefactor Nancy Smith (center) and Mack & Cathy McCoy (right)

from the Body of Believers worldwide.

As the worship and intercession was carried on by the Levites in the Old Testament, Priests set aside by the Lord, to minister unto Him in the original Tabernacle of David, we believe that the Lord today, is calling out His Levites

One of the essential scriptural verses in relation to David's Tabernacle is Acts 15:16, 17.

*"After this I will return and will rebuild the tabernacle of David, Which has fallen down; I will rebuild its ruins, and I will set it up; So that the rest of mankind may seek the LORD, Even all the Gentiles who are called by My Name, Says the LORD who does all these things." NKJV*

The Levites were a separated group to do service in the Tabernacle and to offer continual worship to the Lord and intercession for the people. Likewise today, the Lord has separated a group of people, who would be considered Levites. They are called, not necessarily to be Apostles, Prophets, Evangelists, Pastors, or Teachers, but are called to worship and serve the Lord and stand in intercession for others. We believers are all called to be built up as a spiritual house, a Holy Priesthood, and to offer up spiritual sacrifices acceptable to God through Jesus Christ. (1 Peter 2:5) Not everyone will allow themselves to be separated from the world to heed this call...

We are chosen to be part of that generation, those who will seek His face... **Deuteronomy 4:29**...*"you will seek the LORD your God, and you will find Him if you seek Him with all your heart and with all your soul."* KJV

Concerning the Levites, there is an amazing prophecy in **Jeremiah 33:22** *"As the host of heaven cannot be numbered, nor the sand of the sea measured, so will I multiply the descendants of David My servant and the Levites who minister to Me."* KJV

There is an urgency to proclaim to the Believers worldwide that it is time for those Levites who are "called." They know who they are, and they are as numerous as the sands of the sea.

A 10-string kinnor from Jubilee Harps is now being used in the Restoration of the Tabernacle of David, in the *Succat Hallel Tabernacle of Praise Worship Center* at Mt. Zion, in Jerusalem, Israel.

Their harp is being used by Levites called to Jerusalem to participate in the prophetic restoration of the Tabernacle of David (Acts 15:16) as the prophet Amos declared it would be in Amos 9:11-12.

Come... *Join others in worshiping the Lord, so that the fullness of the Gentiles can come in. You too, can use a Jubilee Harp to worship the Lord in the beauty of holiness and take your position in rebuilding the Tabernacle of David!*

***This is that day!***

## Endorsements

*Paul Wilbur*  
Recording Artist

**Bookings**  
**(904)565-9909**

[www.wilburministries.com](http://www.wilburministries.com)

*“The harp of King David... Was it an instrument to soothe the soul, or was it a sword to chase the kingdom of darkness? Obviously, it was both while in the hands of Israel’s beloved singer of psalms. For many years I have told people that my six-string guitar was a kind of Davidic harp, while I secretly longed to hold and play one of these ancient instruments for my self. Well...the waiting is over! Rick and Mary Woods of Jubilee Harps have recreated a biblical work of art with painstaking accuracy and exceptional beauty. They have combined hand-crafted woodworking with modern upgrades for tuning and sound quality to create an instrument David himself would be delighted to own. Ten minutes after my harp arrived I was playing “Ha Tikvah”, the Israeli national anthem, with no instruction necessary! With just a basic knowledge of the musical scale, you too, can be playing the instrument of the courts of the ancient kings of Israel.*

*This is no ordinary instrument or half-hearted attempt to replicate something of historical value. These are lovingly handcrafted works of art that you can own and play. The workmanship and attention to detail is evident when you first hold one of these harps in your hand. However, the real joy is in the hearing of its delicate voice, bringing you back to an era when wooden flutes and harps filled the halls and palaces of Jerusalem.*

*I highly and enthusiastically recommend these instruments to you. Who knows...maybe there is a psalmist in you waiting to be released!”*

*Paul Wilbur* — December 2001

*“Jubilee Harps has done the impossible! They are consistently making fine quality Biblical harps, priced for anyone to own. I play their harp in my concerts now and I just love it!”*

— March 1999

## Read what others have to say...

**Pam, Australia** -- "All praise and glory to the Lord, my beautiful harp arrived in perfect condition last week. I just wept and it seemed to be from the Hand of God Himself...truly Holy Spirit inspired and crafted. I love the fact that the Lord gave you this revelation in the year of Israel's Jubilee...for such a time as this."

**Agathe Von Trapp** -- "I love my harp and play it often. I especially appreciate the fact that you pray over your harps before you sell them and they are meant for worship. I believe the Lord will use mine for His glory. God bless you. "

*(Note from Jubilee Harps -- Agathe VonTrapp is one of the original VonTrapp family singers, made famous by the movie "The Sound of Music" that documented their life. If you are interested in purchasing her autobiography, you can order it toll free at 1-800-321-5692 or go to [www.Amazon.com](http://www.Amazon.com).)*

**Robert, South Africa** -- "My purchase is the result of receiving a clear vision of a kinnor harp, exactly like yours, and a clear reference to 10 strings in the scripture Today my harp arrived in Johannesburg all the way from the U.S.A. I am altogether overwhelmed by what you have made possible for me. Words cannot do this moment justice but I know you will understand because clearly you are both ambassadors of destiny and yielded vessels of love in and by the will of Yeshua the Messiah. Thank you for blessing me with your spirit of excellence and truly wondrous ministry."

**Sherry, Alabama** -- "WOW! I don't have a vocabulary large enough to describe the blessing my harp is to me. I felt an immediate connection to the Holy Spirit when I picked it up. It sounds exactly as it did when I heard it in my spirit in a dream some months back."

**Judy, California** -- "Thank you for making the masterpiece "harp of 10 strings." I am a porcelain artist so through the years I have learned to recognize elegance expressed through creativity given man by Yeshua. I have had no problems tuning my harp and I love the sound. I treasure this marvelous gift of God through you. Warmest love in Yeshua."

**Jane, PA** -- "I have never played an instrument and I don't read music -- but your instructions made it so easy for me. I know beyond a shadow of a doubt that there is an anointing on these harps. I sense strongly that God wants it played and is calling people out to play it. What a beautiful and blessed ministry you have and I know too, that you two precious ones were hand-picked to carry out this ministry."

# Playing Techniques

*Family & friends demonstrate different ways to hold and play the 10-string biblical harp. Anyone Can Play... No Lessons Necessary!!*

## PLAYING METHOD #1

Hold the side of the harp to your ear and heart to feel its vibrations. This is the most personal form of worship.

You don't have to see the strings to play...let the Holy Spirit be the composer and your guide!

## PLAYING METHOD #2

Cradle the harp like a baby or stand it on your leg to see the strings as you play. It can easily be heard in a home setting or small rooms without amplification.

*Hold it directly against your ear for a very unique experience!*

## PLAYING METHOD #3

Rest the harp on your thigh... play it with one or both hands using your finger tips, finger nails, a guitar pick, or all three.

If you want to play for larger crowds, our **MM-Pro Module**, a guitar cord, and an amplifier are all you will need!

*Never too young. . .*

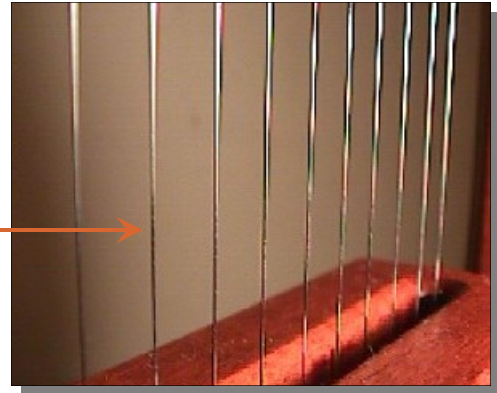

# The Harps of Jubilee...*Taking a Closer Look*

**JH** receives a lot of compliments about the quality craftsmanship and unique sound of their harps. People are amazed by the volume and tonal qualities. The following are just a few examples of the benefits of owning a Jubilee harp...

## Jubilee Strings

**J**ubilee Harps uses five gauges of a stainless-steel alloy designed for music, each wire spaced at 7/16". The strings are highly polished and resist corrosion. Their high tensile strength resists breakage, and their flexibility minimizes metal fatigue. Minimum rigidity enhances tonal vibration and maximizes volume, and the strings are balanced in their tension to assist both the professional harpist and the beginner control their level of vibration. Overall string selection was based on physical and audio dynamics of each gauge. User comments have been positive for their sound and reliability.

## New Linear NLS "N-Line Slide" Tuning System© for Effortless Tuning and String Replacement

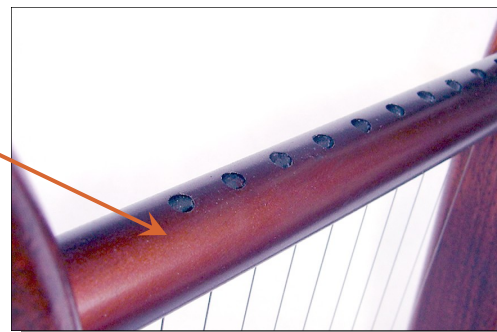

**E**Z Drop-In string anchoring eliminates winding and excess string length. Our exclusive N-Line Slides allow simple precision pitch adjustments, outdating current "tapered" or "resistance" tuning pegs and their problems. There is no "seasoning" required, tune it once and it's rock-solid stable!

Tuning is quick and very easy using your finger and our small allen wrench. The wrench (~3" long) stores unseen and secure on the harp, available whenever you need it.

## New Alumaloy Cross Rods© for "Zero-Flex" Rigidity

**T**hese new Alumaloy Cross-Rods are Surface-Anodized for exceptional strength, color, and protection. Its "Zero-Flex" ability provides for precision stabilized tuning, and assures a constant pitch during extreme play! Being a light weight T6 alloy design, it suspends the strings to increase volume and sustain.

# FAQ's (Frequently Asked Questions)

**Q: Are these harps difficult to play?**

*Ans: Absolutely not . . . Anyone can play and worship on this harp. The minute they pick it up and touch its strings, the blessings begin to flow . . . !*

**Q: Why haven't we seen them before now?**

*Ans: Davidic harps have been a silent mystery for than 2,000 years! They have only recently returned in fulfillment of Talmudic and Biblical (Acts 15:16) prophecies.*

**Q: How are they being used?**

*Ans: God is calling forth his "Levites", placing the desire in their hearts to praise Him on a Davidic 10-string harp. They are being used for personal praise, healing, and educational ministries around the world!*

**Q: What size are they?**

*Ans: When sitting on their bases, they are about 21" tall, and 14" wide. They weigh 3-6 pounds, depending on the wood.*

**Q: Which wood should I choose?**

*Ans: You can base your wood choice on the overall cost, appearance, and sound. "King David" and "Restoration" harps have a bright sound, while the "Watchman" has a mellow sound. Rest assured, all Jubilee harps are professional quality and each is unique. (See page 16.)*

**Q: What if I buy one and decide this 10-string harp just isn't right for me?**

*Ans: First, Be sure of what you want and expect to receive by asking questions. Know what they sound like and how they are tuned. Once your questions have been answered, place your order. Jubilee Harps guarantees your satisfaction with a 30-Day Trial . . . If within the first 30 days, you (as the Registered Owner) are not happy with your harp, you can return it for a full refund. You will be responsible for the return shipment. We want all of our customers to be blessed!*

**Q: Why do you use metal strings, how are they tuned, and what if one breaks?**

*Ans: We use a polished stainless-steel spring alloy for our strings because this alloy is extremely durable, produces a louder vibrant "Jewish" sound, and can last a lifetime under daily use! We tune our harps to C-minor/E<sup>b</sup>-major in the Aeolian mode. If a string breaks, call us for a FREE replacement. Note that this service is discretionary if abused.*

**Q: I'm left-handed...Any help?**

*Ans: That's okay! In the past, all Jubilee Harps were strung "Upscale" (to the right when facing harp). Our Series XII harps can be strung in reverse order as "Downscale" (to the left) harps. This option is FREE, but must be requested when the harp is ordered. (The "Watchman" is user-reversible.) NOTE: "Upscale" stringing mimics the direction of a piano keyboard and is the standard format for all Jubilee Harps.*

- The display base is easy to remove or replace.
- *"The mighty tree that supports the heavens" -Norse*

## *\* Introducing The MM-Pro Module*

This "Multi-Media" Pro accessory, combines our unique Piezo-Crystal T-Mount with a standard 1/4" jack, and an internal **Israeli-Blue LED** array, all built into a single module. Easily installed securely or removed in seconds without tools or adhesives, it provides the harpist with unprecedented audio clarity for amplification, and heritage-based **LED** back-lighting at the base of the strings... It's heavenly glow will "reach out to God" bringing light into darkness...

**That's anointed power and emphasis for every ministry!**

- **E-Z On/Off Back side Mounting, no tools, Velcro, or adhesives!**
- **Fits KD Series XII Harps**

**MM-Pro \$79.00**

**(\*) Due to the growing popularity of our King David harps and the MM-Pro Module as an accessory, this Module will become a standard feature on all KD harps beginning January 1, 2018. This addition will raise the base price to \$1,299 and be designated as our new King David AP (Audio Pro). It will remain available as an accessory for our KD Series XII owners.**

# MLV “Watchman” AP

*(Multi-Layered Birch Veneer)*

This fantastic harp is designed for anyone to play and be heard *with* or *without* amplification!

Exclusive features of the **Watchman AP** include:

- **Audio-Pro: Piezo-Crystal T-Mount, 1/4” Jack**
- Computer-designed layers of Baltic Birch;
- Precision Layered Cuts and Appliqués;
- Full Resonance Chambered Arms & Body;
- Removable, Magnetic Rear Access Hatch;
- User-Reversible Stringing Scale;
- Custom Laser Designs (see page 25)
- All other great features of our **Series XII** design;

The “**Watchman**” AP is a MLV (*Multi-Layered-Veneer*) harp made of imported layers of very high quality Birch veneers. The **Audio-Pro** has our unique **Piezo-Crystal T-Mount** and 1/4” jack, pre-installed to provide you with a pickup for excellent sound and plug in convenience! All you need is a cord and an amplifier!

Engineered to exact specifications by a CAD program, each layer of the **Watchman AP** was designed for a specific function. Precision cut by a laser, and assembled to create an incredible acoustic harp, its design provides an increase in volume, a lighter weight of only ~3 1/2 pounds, includes all **Series XII** features, and offers its owner user-reversible stringing for either **Right-** or **Left-Hand** scales! Truly, a perfect harp for all ages and a true blessing for any ministry!

**S**tability should be a key feature in any Davidic harp’s design, to maintain accurate tuning, to be prepared for any unexpected ministry. While perfect stability is impossible, our **Series XII** harps are using unique components and proprietary designs to set the highest standards by using alloy strings and cross-rods, and our precision slider-based tuning system. Our Davidic 10-string harps are purposely designed with the intent to stay prepared.

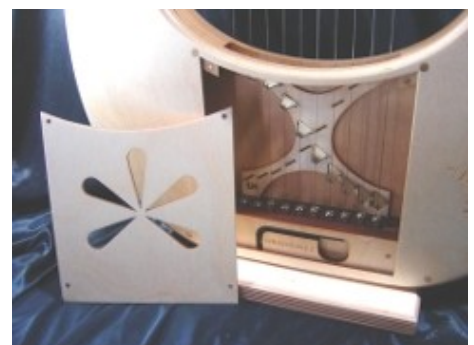

**“Watchman” AP Acoustic MLV**  
**\$649 (Retail)**

*Our new “Watchman” MLV harps have a high visual quality because we make them that way!*

Bottom view showing tuning access.

*They will always be ready to play when you are, for today and over the years to come!*

Rear view with the magnetic “Hatch Panel” removed to show an easy access for replacing any string.

## Songs of Praise - \$20.00 Intermediate Level

Songbook — Vol. 2

This songbook is designed for those who have completed our Songs of Praise for Beginners, or already have some musical skills and want to play familiar songs on a 10-string harp.

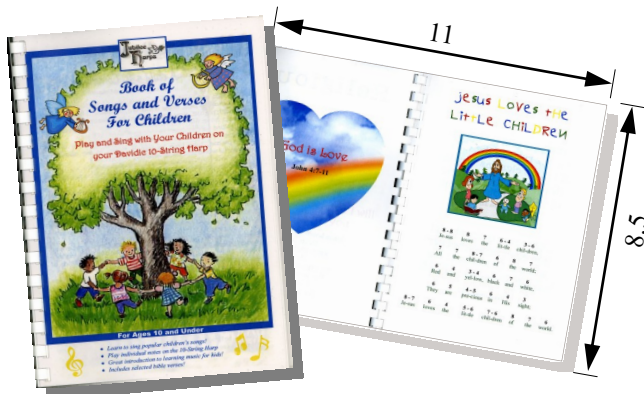

We still include our "Play-by-Number" feature where each note is numbered 1 - 10 for each string.

This book includes collections of hymns, carols, Jewish, and children's songs.

"Music Primer" section teaches basics of double clefs, and harmonic runs.

*If you follow the set of guidelines in the Music Primer from Volume 1 or have musical training, you will have enough training to help you play the songs in this book.*

## Book of Songs and Verses for Children - \$20.00

This book is designed for children 10 years and under. It will help a child learn nursery rhymes and songs, to play a stringed instrument, read "Play-by-Number" music, and introduce them to selected verses from the Bible. For the youngest child, parents can play the songs while the child sings along.

Note: This book was written to be used with any of our Jubilee 10-String Harps.

*Now, your child  
can play like  
David played!*

- 35 Easy Play-by-Number Songs for the 10-String Harp
- Selected Bible Verses Throughout Entire Book!
- Great Way for Adults and Children to Bond!
- Smaller Sized for a Child's Little Hands!

## “Restoration”

by musician David Buccanan -2001

Time's Running Out*	Triumph*
David's Dance	Just As I Am
Praises to the Name*	We Worship You
Who is Like Thee	Amazing Grace
Hallelue*	Sound Out*
Hatikva (Jewish National Anthem)	Sing Hallelujah
Victory*	Jesus Loves Me
As the Deer	I Love You*
Hallelujah	

\* written by David Buccanan

*“As an evangelist, I was blessed with the ability to play a guitar and I have used it in my ministry. By the Fall of 1998, I felt led to bring a 10-string kinnor into my worship. This would not have been possible had it not been for Jubilee Harps. As I preach and teach the word of God with their Davidic harp, the music and the Word are set into motion.” —David Buccanan*

\$18.

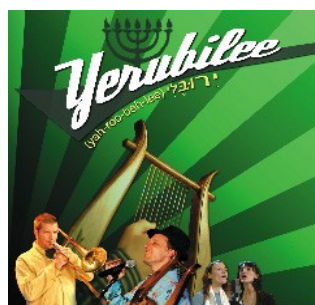

## “As Long As I Breathe”

Zemer Levav

Mayim Chaim (Living Water)	Don't Let Me Fall Away
Yeshua is the Light	On the Wings of the Wind
Lead Me	Doorkeeper
Your Name	Sabbath Song
As Long As I Breathe	May You Shine
Master of Life	

\$18.

## Yerubilee

Messianic Roots Reggae

From Jerusalem

Intro to Yerubilee	Roni Roni Bat Zion
Wait on the Lord	It Is Good
He Brought Us Out	Strong and Mighty
We Want to See Jesus Lifted High	With All I Am
By Your Wounds	Call On Jesus

\$18.

## “Sojourn”

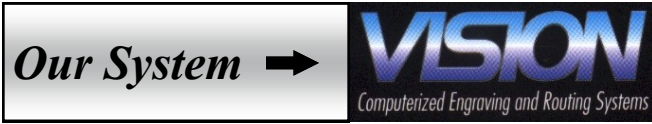

Melissa David

Prologue: Psalm 46	Alabaster
We Will Trust In You	Song Of The Lamb
Hear Me Cry	Yahweh
Engraved	Hoshiana
Yerushalayim	Epilog: Jeremiah 29
Shout For Joy	

*“It's been my heart's desire, ever since I purchased my King David harp last spring, to produce a new CD focused on this beautiful instrument. Not only that, but everyone's been asking for one! It's been four years since I released Voice of Many Waters, and I've had many inquiries on when my next album is coming out. I've given out many homemade discs in those four years, and composed a LOT of music (from solo piano, to harp, to vocals, to orchestral style music, to silly children's songs)...but the time has come to focus on a unified collection of music...” -Melissa David (May 2010)*

# Our Custom Computerized Engravers

Phoenix 1212 Engraver Control Panel

All of our King David harps come with an engraved "Serial Coin", "Star Insert", and "Standard Base Plaque", free of charge. Our "Base Plaques" can be custom engraved with a special verse, poem, or other special inscription. Our "Standard Base Plaque" reads:

**KING DAVID'S HARP**  
*"I will sing a new song unto thee, O God;  
 Upon an instrument of 10 strings"*  
*Psalm 144:9*

The diamond engraving stylus is in the process of engraving a base plaque. It is being driven by CNC computer software and the file will be stored in the computer's memory.

Pictured above are samples from our routine engraving process. Because the system is digital, we can custom engrave a base plaque to suit your needs.

## LaserPro

Jubilee Harps uses State-Of-The-Art Laser Engraving.

Pictured below, are just a few samples of laser designed center pieces that can be engraved on your harp. Graphics can also be custom designed or use a picture of your own. The possibilities are endless! Take advantage of Laser Technology and personalize your own harp today!

*A Sample of our Graphics...*

# Warranty & Guarantee

*Your Investment is Protected by Our **\*RISK FREE** Policy*

*Dear Owner: If within the first 30 days, you are not satisfied with your harp, you may return it for a full refund, and agree to pay for the insured return shipment. After 30 days, your harp is guaranteed 100% against defects in manufacturing, to include parts and labor for a period of 10 years.\**

Jubilee Harps, Inc. (JHI) provides a full refund for 30 days from the date of your invoice, and a 10 year guarantee against problems due to manufacturing defects. Every effort will be made to correct the problem to your satisfaction. Prior to returning a harp to Jubilee Harps, you must first call to obtain a *Returned Material Authorization* (RMA) number.

*\* Limited Coverage: Our 30-Day Refund Policy and 10-Year Guarantee are services provided for you, the original documented owner(s) and are Non-Transferable. A cancelled order requires a written request by the Registered Owner(s) whose name is recorded on the JHI Sales Invoice and in the JHI Harp Registry. Any sales cancelled within 30 days by a "Non-Owner" are subject to a 20% Restocking Fee.*

## Notes on Tuning & Lifetime Free String Replacements

On a stringed instrument, the strings can be in tune, relative to each other, but out of tune with the musical scale. Precision tuning is preferred and becomes necessary when the harp is to be played in accompaniment with another musical instrument. Precision tuning requires a **Chromatic Tuner**, or a trained ear and reference notes from a piano, organ, pitch-pipe, etc. Broken strings can usually be avoided by using proper tuning and playing techniques. **NOTE: The use of any strings other than those supplied by Jubilee Harps, will VOID your warranty.** If you should break a string, notify us and a free package of (2) replacements (*normally \$2.50*) will be sent by US Mail along with detailed instructions. Strings are not covered by your warranty, but remain free if this service is not abused. All replacement requests are subject to JHI inquiry and discretion. Contact your Jubilee Harps Sales Representative for further details.

# JUBILEE'S HARPS & SONG SAMPLER (Load the Reference CD)

## Comparing the Sound of Our King David and Watchman Harps Without Amplification

**File #1:** *King David Solid-Bodied Harp*

**File #2:** *Watchman Acoustic MLV Harp*

**NOTE:** Please know that the difference in the volumes between the King David and Watchman harps, doesn't register in these audio clips. The Watchman provides additional volume due to its acoustic resonance chamber, comparable to a small acoustic guitar. However, you may be able to hear the subtle differences in the tone of each harp. Regarding our King David solid-bodied harps, the choice of hardwood has very little affect on their tones. Accomplished violinists with acutely trained hearing, have commented that they detect more mellowness in our Walnut harps, You too, may hear differences in their tones. Unfortunately, the difference in their basic audio volumes doesn't actually come through.

All of our harps are tuned to C-minor/Eb-Major (in the Aeolian mode). This tuning scale begins at middle-C on a piano.

## Sampler Sound Tracks from JHI & Commercial Artists

**File A:** 2000 "Restoration...The Heart of David" by guitarist David Buccanan, a solo instrumental of personal and published Jewish and gospel recordings. (This CD was recorded very early in our ministry, so the sound quality isn't the best.)

*"As the Deer"*

*"Time is Running Out"*

**File B:** 2008 "As Long As I Breathe" by Zemer Levav, a Jewish musical family providing personal Messianic praise and worship with instruments and voices.

*"Mayim Chaim (Living Water)"*

*"Your Name"*

**File C:** 2010 "Yerubilee" by Teddy Chadwick and Friends in Israel, this popular musical group performs current Messianic praise and worship with a "Reggae" twist, on a Watchman harp.

*"Roni Roni Bat Zion"*

*"With All I Am"*

**File D:** 2011 "Sojourn" by Melissa David, an accomplished Canadian musician combining her voice and musical talents in songs of Messianic praise and worship on her King David harp.

*"Engraved"*

*"Yaweh"*

## Strings Used by Jubilee Harps

We only use Stainless Steel Musical Alloy (metal) strings on our harps. Our initial research back in 1998 included nylon and gut strings, but these were quickly eliminated due to their lack of stability and life. We found that even subtle changes in stretch, temperature, and humidity meant a constant need for retuning, and their useful lives were too short. We chose polished SS alloy strings because they are rated to last a "Lifetime" without rust or tarnish. It has been our intent to provide a Davidic 10-string harp that was already ready to be picked up and played, by simply staying in tune. That has been our goal since May of 1998 when the Lord brought us into His harp ministry. The harps that we have today (Series XII) are the results of years of testing and improvements, always using the SS alloy strings. Our ministry is centered on providing the "Ideal" harp for any Davidic praise and worship setting, never compromising critical standards, just to make a sell. We are fully aware why these harps returned from antiquity, and why they should continue to reflect their biblical inheritance.

We hope our message and audio files have been a blessing in helping you with your decision. Please contact us if you have any questions about our harps or ministry.
